

# Lesson 4

---

**ANSWER KEYS**

# Model It! p. 80

**Model  
It!**

Look at the objects in the pictures. For each mixture, draw the materials that go into making the mixture.

**Water**

**Lemons**

**Suitcase**

**Toys**

# Plan It! p. 84

---

## Plan It!

How can you separate the salt and the water in a saltwater solution? Identify the properties you can use. Then write a plan to separate the materials.

Water can evaporate, while salt cannot. If you heat the saltwater solution to speed up evaporation, you will be left with salt.
