

# Lesson 1

---

**ANSWER KEYS**

# Literacy Skill Q's

---

**Use Evidence from Text** How did Sochi use technology to support skiing and snowboarding at the Olympics? What evidence supports your ideas?

**Sample answer:** The people used snow machines to make snow. The evidence of this is that they made enough snow to cover 500 football fields 60 cm deep in snow.

---

 **READING CHECK** **Draw Conclusions** Early on a summer morning, the grass is wet. If it did not rain, where did the water come from? How did the grass get wet?

Sample answer: The water was in the air. At  
night, the air got colder, and water vapor  
formed water droplets on the grass.
